

Revision Date: 22.04.2023 Date of last issue: - Version 2.0

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### **1.1 Product identifier**

Trade name

: Sika Mix&Go<sup>®</sup> Multi-purpose mortar

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Product use : Mortar

#### 1.3 Details of the supplier of the safety data sheet

| Company name of supplier                            | : Sika Poland Spółka z o.o. |
|---|-----------------------------|
|   | Karczunkowska 89            |
|   | 02-871 Warszawa             |
| Telephone   | : +48 22 27 28 700          |
| Telefax   | : +48 22 27 28 800          |
| E-mail address of person<br>responsible for the SDS | : EHS@pl.sika.com           |

#### 1.4 Emergency telephone number

112

#### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

#### Classification (REGULATION (EC) No 1272/2008)

| Skin irritation, Category 2  | H315: Causes skin irritation.              |
|--|--|
| Serious eye damage, Category 1   | H318: Causes serious eye damage.           |
| Skin sensitisation, Category 1   | H317: May cause an allergic skin reaction. |
| Specific target organ toxicity - single exposure, Category 3, Respiratory system | H335: May cause respiratory irritation.    |

#### 2.2 Label elements

#### Labelling (REGULATION (EC) No 1272/2008)

## SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006

## Sika Mix&Go<sup>®</sup> Multi-purpose mortar

| Version 2.0   |   | Print Date 05.02.20   |

#### Hazardous components which must be listed on the label:

Cement, portland, chemicals

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

|                                   | Causes skin irritation.<br>May cause an allergic skin reaction.<br>Causes serious eye damage.<br>May cause respiratory irritation. |                     |
| 4.3 Indication of any immediate m | edical attention and special treatment needed  |                     |
| Treatment                         | : Treat symptomatically.   |                     |
| SECTION 5: Firefighting meas      | ures   |                     |
| 5.1 Extinguishing media           |  |                     |
| Suitable extinguishing media      | : In case of fire, use water/water spray/water jet/c<br>ide/sand/foam/alcohol resistant foam/chemical p<br>extinction.             |                     |
| 5.2 Special hazards arising from  | he substance or mixture  |                     |
|                                   | : No hazardous combustion products are known   |                     |
| 5.3 Advice for firefighters       |  |                     |
| -                                 | : In the event of fire, wear self-contained breathin   | g apparatus.        |
| Further information               | : Standard procedure for chemical fires.   |                     |
| SECTION 6: Accidental release     | e measures   |                     |
| 6.1 Personal precautions, protect | ive equipment and emergency procedures   |                     |
| Personal precautions              | : Use personal protective equipment.<br>Avoid breathing dust.<br>Deny access to unprotected persons.                               |                     |
| 6.2 Environmental precautions     |  |                     |
| Environmental precautions         | : Do not flush into surface water or sanitary sewe   | r system.           |
| 6.3 Methods and material for cont | ainment and cleaning up  |                     |
| Methods for cleaning up           | : Pick up and arrange disposal without creating d Keep in suitable, closed containers for disposal.                                |                     |

## 6.4 Reference to other sections

For personal protection see section 8.

Revision Date: 22.04.2023 Date of last issue: - Version 2.0

## **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

|     | Advice on safe handling                         | :    | <ul> <li>Avoid exceeding the given occupational exposure limits (see section 8).</li> <li>Do not get in eyes, on skin, or on clothing.</li> <li>For personal protection see section 8.</li> <li>Persons with a history of skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used.</li> <li>Smoking, eating and drinking should be prohibited in the application area.</li> <li>Follow standard hygiene measures when handling chemical products</li> </ul> |
|-----|---|------|--|
|     | Advice on protection against fire and explosion | :    | Avoid dust formation. Provide appropriate exhaust ventilation at places where dust is formed.  |
|     | Hygiene measures                                | :    | Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday.  |
| 7.2 | Conditions for safe storage, i                  | incl | uding any incompatibilities  |
|     | Requirements for storage areas and containers   | :    | Keep container tightly closed in a dry and well-ventilated place. Store in accordance with local regulations.  |
|     | Further information on stor-<br>age stability   | :    | Keep in a dry place.<br>No decomposition if stored and applied as directed.  |
| 7.3 | Specific end use(s)                             |      |  |
|     | Specific use(s)                                 | :    | Consult most current local Product Data Sheet prior to any use.  |

## **SECTION 8: Exposure controls/personal protection**

### 8.1 Control parameters

#### **Occupational Exposure Limits**

| Components    | CAS-No.                             | Value type (Form of exposure)  | Control parame-<br>ters *               | Basis *        |

\*The above mentioned values are in accordance with the legislation in effect at the date of the release of this safety data sheet.

## 8.2 Exposure controls

#### Engineering measures

Maintain air concentrations below occupational exposure standards.

Ensure adequate ventilation, especially in confined areas.

Revision Date: 22.04.2023 Date of last issue: -

| Personal protective equipment |  |
|-------------------------------|--|
| Eye/face protection :         | Safety glasses with side-shields conforming to EN166<br>Eye wash bottle with pure water  |
| Hand protection :             | Chemical-resistant, impervious gloves complying with an ap-<br>proved standard must be worn at all times when handling<br>chemical products. Reference number EN 374. Follow manu-<br>facturer specifications.   |
|                               | Recommended: Butyl rubber/nitrile rubber gloves.<br>Contaminated gloves should be removed.   |
| Skin and body protection :    | Dust impervious protective suit<br>Protective clothing (e.g. Safety shoes acc. to EN ISO 20345,<br>long-sleeved working clothing, long trousers). Rubber aprons<br>and protective boots are additionaly recommended for mixing<br>and stirring work.   |
| Respiratory protection :      | In case of inadequate ventilation wear respiratory protection.<br>Respirator selection must be based on known or anticipated<br>exposure levels, the hazards of the product and the safe work-<br>ing limits of the selected respirator.<br>particulate filter P<br>P1: Inert material; P2, P3: hazardous substances<br>Ensure adequate ventilation. This can be achieved by local<br>exhaust extraction or by general ventilation. (EN 689 - Meth-<br>ods for determining inhalation exposure). This applies in par-<br>ticular to the mixing / stirring area. In case this is not sufficent<br>to keep the concentrations under the occupational exposure<br>limits then respiration protection measures must be used. |

### Environmental exposure controls

General advice : Do not flush into surface water or sanitary sewer system.

## **SECTION 9: Physical and chemical properties**

#### 9.1 Information on basic physical and chemical properties

| Physical state<br>Appearance<br>Colour  | : | solid<br>powder<br>grey |
|---|---|-------------------------|
| Odour                                   | : | odourless               |
| Melting point/range / Freezing<br>point | : | No data available       |
| Boiling point/boiling range             | : | No data available       |

## SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006

Sika Mix&Go<sup>®</sup> Multi-purpose mortar

Revision Date: 22.04.2023 Date of last issue: - Version 2.0

| Flammability (solid, gas)                           | :   | No data available   |
|---|-----|---|
| Upper/lower flammability or                         | exr | losive limits   |
| Upper explosion limit / Upper flammability limit    | -   |   |
| Lower explosion limit /<br>Lower flammability limit | :   | No data available   |
| Flash point   | :   | Not applicable  |
| Auto-ignition temperature                           | :   | No data available   |
| Decomposition temperature                           | :   | No data available   |

|   |     |   |

## 9.2 Other information

No data available

Revision Date: 22.04.2023 Date of last issue: - Version 2.0

## **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

No dangerous reaction known under conditions of normal use.

#### 10.2 Chemical stability

The product is chemically stable.

#### 10.3 Possibility of hazardous reactions

Hazardous reactions : No hazards to be specially mentioned.

#### 10.4 Conditions to avoid

| Conditions to avoid : No data av |
|----------------------------------|
|----------------------------------|

#### 10.5 Incompatible materials

Materials to avoid : No data available

#### **10.6 Hazardous decomposition products**

No decomposition if stored and applied as directed.

## **SECTION 11: Toxicological information**

#### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Acute toxicity

Not classified based on available information.

#### Skin corrosion/irritation

Causes skin irritation.

#### Serious eye damage/eye irritation

Causes serious eye damage.

#### Respiratory or skin sensitisation

#### Skin sensitisation

May cause an allergic skin reaction.

#### **Respiratory sensitisation**

Not classified based on available information.

#### Germ cell mutagenicity

Not classified based on available information.

#### Carcinogenicity

Not classified based on available information.

#### Reproductive toxicity

Not classified based on available information.

Print Date 05.02.2024

Revision Date: 22.04.2023 Date of last issue: - Version 2.0

### STOT - single exposure

May cause respiratory irritation.

#### STOT - repeated exposure

Not classified based on available information.

#### Aspiration toxicity

Not classified based on available information.

#### 11.2 Information on other hazards

#### Endocrine disrupting properties

#### Product:

Assessment

The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

## **SECTION 12: Ecological information**

#### 12.1 Toxicity

No data available

#### 12.2 Persistence and degradability

No data available

#### 12.3 Bioaccumulative potential

No data available

#### 12.4 Mobility in soil

No data available

### 12.5 Results of PBT and vPvB assessment

#### Product:

Assessment

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher..

#### 12.6 Endocrine disrupting properties

#### Product:

Assessment : The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.
